MEMORANDUM FOR: CHIEF, REPORTS DIVISION, ORR

SUBJECT : Geological Intelligence - Eastern Europe

REFERENCE : Our case [REDACTED] 25X1A

25X1A

1. This Office discussed recently with [REDACTED] the capabilities of his group to furnish geological intelligence on one specific and limited terrain feature at a particular point in Eastern Europe. The particulars wanted are: the kind of strata, cross section of geological structures, inclination of slope, location of unstable geologic structures, and location of past shiftings. [REDACTED] has indicated that his group has the intelligence or has access to it, and asked that a formal request be forwarded through your office.

25X1A

2. It is therefore requested that [REDACTED] be authorized to conduct the above-mentioned research covering the geographical point already revealed to him. The data is urgently needed and should be provided at the earliest practicable date. Questions pertaining to this inquiry may be referred to [REDACTED] at extension 3215.
